Register of people with significant control (academies)

This template register of people with significant control (PSC) is split into two parts, and which one you complete will depend on whether your academy has any identifiable PSC.

It is based on guidance from the Department for Business, Innovation and Skills (BIS). Annex 2 of the guidance provides the official wording that companies must use to complete the register, and information about what information must be recorded in different situations.

Use this section if your company has no PSCs or is still in the process of identifying its PSCs:

No identifiable persons	Date the statement ceased to be true
<p>1. <i>The company knows or has reasonable cause to believe that there is no registrable person or registrable relevant legal entity in relation to the company</i></p> <p>[If statement 1 applies to your academy, you will not need to fill in any more details on the register].</p>
